- Detachable electronic Viewfinder
- Superb price-performance ratio
- Tilting mechanism
- Resolution of 920,000 dots
- Perfect for low angle shooting
- Bright with high contrast from the center to the edges

Detachable electronic viewfinder

The electronic viewfinder VF-3 has been especially designed for the accessory port and to match the style of the PEN cameras (compatible with e.g. E-P2, E-P3, E-PL1, E-PL2, E-PL3, E-PM1, XZ-1 and also the E-M5). Perfect for entry users who are keen to take pictures or movies from far away motifs to easily frame the image. Additionally with the tilting mechanism (up to 90 degrees) low angle shoots become an enjoyable shooting experience. To control the result the electronic Viewfinder shows all image adjustments like exposure compensation, white balance, aspect ratios, etc. before you press the release button and thanks to the lock mechanism you will not loose this handy accessory.
